AMY GROVES FILES FOR NEVADA ASSEMBLY DISTRICT 19

HENDERSON, NV -- Amy Groves has filed to run for the Nevada State Assembly in District 19. Groves is a Southern Nevada real estate professional with more than twenty years of experience in the local market.

"I'm running because the people writing the rules in Carson City often have no idea what it's like to run a small business, sign the front of a paycheck, or help a family afford a home in today's market. I do."

-- Amy Groves

Housing affordability is Groves' signature issue. She supports cutting red tape to speed housing development. On deregulation, Groves will fight to reform Nevada's occupational and business licensing laws so Nevadans can get to work without jumping through government hoops.

She also supports replacing Nevada's vehicle registration fee structure with a flat rate so every family pays the same regardless of what their car is worth. Groves has signed the Taxpayer Protection Pledge, committing to oppose tax increases and rein in government spending.

Groves supports school choice through Education Savings Accounts, putting education dollars in the hands of parents rather than bureaucracies. She supports photo ID to vote and in-person elections.

Her primary opponent was appointed to his seat by the Democrat-controlled Clark County Commission, not elected by the voters of District 19. He is a former government lawyer, installed by those same interests. When the Legislature was called into special session, he voted YES on AB5, the 'Hollywood handout.' This corporate welfare would have handed \$120 million a year in tax credits to major film studios for 15 years.

The seat was previously held by Former Assemblywoman Annie Black, one of the most consistently conservative voices in the Nevada Legislature. Black is endorsing Groves.

"Like me, Amy Groves is a fellow realtor and small business owner. She's also a principled, limited-government conservative who will not bend to the will of the Carson City establishment or cave under pressure from lobbyists."

As Donald Trump would say, 'she has my complete and total endorsement' for Nevada Assembly District 19."

-- Former Assemblywoman Annie Black

The voters of District 19 deserve a representative they actually chose, and Groves intends to be that voice.

"District 19 deserves a representative who knows what life looks like outside the walls of the Legislature and who won't forget who sent her there."

-- Amy Groves
