

## SAVE NEVADA NOW PAC ANNOUNCES ASSEMBLYWOMAN LISA COLE AS HONORARY CHAIRWOMAN

---

**NEVADA** — Save Nevada NOW, a political action committee dedicated to protecting Nevada's election integrity and advancing common-sense policy reforms, today announced the appointment of Assemblywoman Lisa Cole as Honorary Chairwoman of the PAC. In her new role, Assemblywoman Cole will serve as a leading voice for the organization and will spearhead the PAC's priority legislation when the Nevada Legislature convenes next session.

*"Nevadans are demanding accountability, transparency, and real solutions," said Assemblywoman Lisa Cole. "I am honored to serve as Honorary Chairwoman of Save Nevada NOW and to lead the charge in the Legislature to deliver the reforms Nevadans deserve."*

Assemblywoman Cole has been a steadfast advocate for Nevada families. Her appointment as Honorary Chairwoman reflects Save Nevada NOW's commitment to working alongside proven leaders who share the PAC's vision of a safer, stronger, and more prosperous Nevada. Cole will play an instrumental role in building coalitions, engaging Nevada voters, and advancing the legislative agenda that defines Save Nevada NOW's mission.

Central to Assemblywoman Cole's legislative agenda will be the introduction of the **Save Nevada Act** — a landmark piece of legislation incorporating many principles of the **Save America Act** that President Donald Trump has been championing at the federal level. The Save Nevada Act will bring election integrity, governmental accountability, and protection of constitutional rights directly to the Silver State.

### The Save Nevada Act will:

- ✓ Remove all non-citizens from our voter rolls
- ✓ Enact safeguards in the voter registration process to prevent illegal immigrants from ever being registered to vote again
- ✓ Eliminate automatic voter registration that is ripe for fraud and abuse
- ✓ End universal mail-in ballots that open the door to unfair elections
- ✓ Ensure all ballots are counted on Election Day
- ✓ Prosecute any cases of voter fraud

*“President Trump is fighting for the American people in Washington, and we stand firmly behind him,” said Assemblywoman Cole. “But if Washington won’t get the job done, Nevada will pick up the baton and adopt laws that work in our state. The Save Nevada Act ensures that Nevadans don’t have to wait for the federal government to act — we will lead by example right here at home.”*

In addition to announcing Assemblywoman Cole’s leadership role, Save Nevada NOW also confirmed that the PAC will be actively endorsing candidates in the 2026 election cycle. The PAC will evaluate and support candidates at all levels of Nevada government who align with Save Nevada NOW’s principles of election integrity and protecting the rights of all Nevadans.

Endorsed candidates will receive the full support of Save Nevada NOW’s political infrastructure. Endorsement announcements are expected to begin soon.
